She is looking down at a small, fluffy white dog. The girl in the background is wearing a blue floral dress and a tan cardigan, also looking down. Where Every Animal Counts

OUR APPROACH

The three E's

We are proud to call ourselves Wildlife Champions, and we live by 3 core principles:

EDUCATE: Share knowledge about animal welfare and habitat preservation.

EXPERIENCE: Create meaningful, nature-based experiences that help people reconnect with animals, and the natural world.

ETHICAL: Operate with transparency, compassion, and integrity in all we do.

Our friendly, safe, and educational environment supports these values, while offering unforgettable encounters with animals of all kinds.

Pearson's Farm is a registered charity dedicated to the care, rehabilitation, and rehoming of animals. By visiting our farm, you're directly supporting the work we do everyday - and helping us continue to provide the love, safety, and a second chance to animals in need.

WHAT WE DO

At Pearson's Farm we proudly:

Hand-rear orphaned and injured native animals and birds, preparing them for release back into the wild where possible.

Provide permanent homes for non-releaseable native species who need lifelong care and safety.

Rescue and rehabilitate farm animals from neglectful situations and find them loving, forever homes.

Ensure all animals receive necessary veterinary care throughout their time with us.

Educate the public on animal welfare, conservation, and the importance of treating animals with kindness and respect.

Deliver hands-on, experience-based learning, using our animal ambassadors to foster real connections between people and animals.

FARM EXPERIENCE INFORMATION

We are excited to welcome you to our farm to meet some of our animals and hear their stories!
